The “I Bonacolsi” Space

The “I Bonacolsi” Space (93 sq. m.; h. 2.5m), is in the basement of the Mantova Multicentre. It is fully cabled and can be used for exhibitions, product demonstrations and has an Internet Point.
It is located close to the Medieval Wall which used to surround the city and discovered during the excavation work carried out for
the construction of the building.
The wall can now be seen from the inside.
